E.M. SIGN DETAIL

PLAN

POST AND SIGN MOUNTING DETAILS

† Drill or punch holes. Attach 2 flat washers, 1 lock washer, and 1 nut per bolt.

The post will be U-shaped (8' minimum length) and galvanized. The sign post will not be paid for directly, but will be Subsidiary to the bid item "Sign (Environmental Mitigation)".

Place E.M. signs in accordance with the standard specifications or as directed by the Engineer. E.M. signs will be paid for under the bid item "Sign (Environmental Mitigation)" and will be included in the plan quantities.

Mount E.M. signs facing away from the mitigation area.

The maximum allowable spacing between E.M. signs is 300' unless otherwise directed by the Engineer.

[illegible]
